Praise for the second edition of The Design of Sites In my worldwide IBM marketing role, I have the benefit of working with some of the finest international interactive agencies and internal Web teams. As I read The Design of Sites, [I see] the insight from years of professional advice has been put to paper. Nowhere have I seen such a practical, effective, and easy-to-use book to solve and avoid Internet design issues. I keep a copy of the book handy to remind me of the things I forgot and to gain fresh perspectives. It never fails to deliver. -John Cilio, marketing manager, IBM System x z Storage Synergy The Design of Sites artfully brings forward the original intent of Christopher Alexander's pattern language into the user experience design arena. It is a valuable and comprehensive reference. -George Hackman, Jr., senior director of User Experience for User Interface Guidelines, Patterns and Standards, Oracle Corporation The Design of Sites is one of the...
