Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Erie: A Guide to the City and County: Written and Compiled by the Erie County Unit of the Federal Writers Project of the Works Progress Administration for the Commonwealth of Pennsylvania This is one of the local guides of the American Guide Series, which, when complete, will cover the forty-eight states, several hundred communities, as well as Alaska, Puerto Rico, and Hawaii. Erie has a dramatic past, and, because of her strategic position on the Great Lakes, the promise of an increasingly important future. This book outlines that past, and, by means of tours through the city's industrial sections and the county's rich farm lands, it offers a glimpse at its present economic life. No guide to Erie would be complete without a section devoted to Presque Isle Peninsula State Park, a public recreational center with few equals in the middle west. Erie: A Guide to the City and County is a book about Erie written by Erie citizens. As such, it holds the mirror to still another section of present day America.
