## EXCHANGE TRADED FUNDS AND E-MINI STOCK INDEX FUTURES (HARDBACK)

[DOWNLOAD PDF](#)

John Wiley and Sons Ltd, United States, 2001. Hardback. Book Condition: New. 231 x 157 mm. Language: English . Brand New Book. Shows how to use both ETFs and E-Minis for high-powered results Exchange Traded Funds (ETFs) are a remarkable new tool for trading and investing in broad market segments or narrow sectors. ETF trading volume and asset growth continue to soar at record levels. Ideal for speculating in and hedging as well as long-term investing in the broader markets, these index products work together to diversify and balance any global portfolio. Now, one of the top executives (and experts) in the industry reveals the intricacies of the products, how to use them, and what the future holds. Readers will get sample index portfolios and strategies for all market participants--ranging from the short-term trader to the long-term investor; and from the risk taker to the conservative investor. David Lerman (Chicago, IL) is the Senior Director of Equity Index Products Marketing at the Chicago Mercantile Exchange. He has traveled around the globe on behalf of the CME, giving seminars and workshops to retail and institutional audiences, including pension funds, corporations, banks and brokers on risk management/trading using equity index futures and options.
