*This publication might be well worth a read, and much better than other. It really is simplified but excitement inside the 50 % of the book. You will not feel monotony at whenever you want of the time (that's what catalogues are for concerning when you check with me).*

Hellenes And Hebrews The spiritual views of a man, of whatever religion or race, are the products of his particular environment. But the roots of these- conceptions, as well as those of social life in general, lie in the great web of organic life with which the social life is closely and inseparably connected; just as organic life itself is connected with the next life sphere, the cosmic. There is no absolute line of demarcation between these three life spheres, just as there is no difference between the material and the spiritual life. The three life spheres do, however, form sharply defined grades or epochs within the unified and indivisible universal life. And just as in each individual life sphere, so also in the totality of the universal life, every step toward a higher grade of life must have its antecedents in the lower grade. Compared with the higher order of life, the organic, the cosmic life sphere appears lifeless, especially on the border line which leads from the life of the cosmic bodies to that of the organisms. Here, on the surface of the already cooled-off and stiffened cosmic bodies, we see only the dead residue of the cosmic life sphere, out of which the higher organic life sphere developed.
