

## We Are Our Brains: A Neurobiography of the Brain, from the Womb to Alzheimer's (Hardback)

By D F Swaab

Random House USA Inc, United States, 2014. Hardback. Condition: New. Language: English . Brand New Book. A vivid account of what makes us human. Based on groundbreaking new research, *We Are Our Brains* is a sweeping biography of the human brain, from infancy to adulthood to old age. Renowned neuroscientist D. F. Swaab takes us on a guided tour of the intricate inner workings that determine our potential, our limitations, and our desires, with each chapter serving as an eye-opening window on a different stage of brain development: the gender differences that develop in the embryonic brain, what goes on in the heads of adolescents, how parenthood permanently changes the brain. Moving beyond pure biological understanding, Swaab presents a controversial and multilayered ethical argument surrounding the brain. Far from possessing true free will, Swaab argues, we have very little control over our everyday decisions, or who we will become, because our brains predetermine everything about us, long before we are born, from our moral character to our religious leanings to whom we fall in love with. And he challenges many of our prevailing assumptions about what makes us human, decoding the intricate moral networks that allow us to experience emotion, revealing...
