One who wants to get joy of book reading especially in very less time can go for it. About The Book William Black, born in Glasgow, Scotland, Nov. 13, 1841, was educated with a view to being a landscape painter, a training that clearly influenced his literary life. He became a painter of scenery in words. At the age of twenty-three he went to London, after some experience in Glasgow journalism, and joined the staff of the Morning Star, and, later, the Daily News, of which journal he became assistant-editor. His first novel appeared in 1868, but it was not until the publication of A Daughter of Heth, in 1871, that Black secured the attention of the reading public. The Strange Adventures of a Phaeton followed, and in 1873 A Princess of Thule attained great popularity. Retiring from journalism the next year he devoted himself entirely to fiction. A score of novels followed, the last in 1898, just before his death on December 10 of that year. No novelist has lavished more tender care on the portrayal of his heroines, or worked up more delicately a scenic background for plaintive sentiment.
